

Izjava menadžmenta: *ProCredit Bank Bosna i Hercegovina*

IZJAVA O UPRAVLJANJU ZAŠTITOM OKOLIŠA

Promovisanje održivog razvoja je glavni cilj naših poslovnih aktivnosti. U skladu sa ovim, smatramo da je zaštita prirode i okoline, kao i ograničen uticaj na klimatske promijene, dio naše društvene odgovornosti.

U okviru našeg Sistema za upravljanje zaštitom okoliša (EMS), težimo da konstantno unaprijedujemo zaštitu životne sredine i da radimo na smanjenju našeg direktnog uticaja kroz Stub I (interna svijest svih naših uposlenika) i indirektnog uticaja koji imamo na okolinu kroz Stub II (ekološka i društvena procjena klijenata) i kroz Stub III (finansiranje u eko investicije).

Da bismo ovo sproveli u dijelu, postavili smo ciljeve za ekološko djelovanje institucije i razvili smo koncept za implementaciju ovih ciljeva.

Sistem zaštite okoliša je postavljen u skladu sa ISO 14001:2015 i smjernica ProCredit grupacije.

Naš krajnji cilj je zaštita okoline i spriječavanje zagađenja vode, tla i zraka, i do danas se pridržavamo sljedećih smjernica:

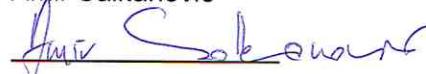

- ✓ Posvećeni smo identifikaciji, analizirajući i vrednovanju našeg direktnog i indirektnog uticaja na okolinu.
- ✓ Cilj nam je trajno smanjiti potrošnju resursa i uticaj na okolinu, koji su rezultat naših poslovnih aktivnosti, da bismo kontinuirano poboljšavali naše ekološko djelovanje.
- ✓ Obavljanjem naših glavnih aktivnosti, korištenjem tehnologija, opreme i vozila, koristenjem energije, materijala, sirovina i goriva pažljivo i racionalno.
- ✓ Smanjenje količine otpada, i gdje je to moguće razdvajanje i recikliranje istog.
- ✓ Smanjenje zagađujućih materija i oslobađanje emisije gasova sa efektom staklene bašte u atmosferu kroz promociju i primjenu odgovarajućih tehničkih rješenja.
- ✓ Educirati zaposlene i motivisati ih da obavljaju svoje aktivnosti na ekološki odgovoran način.
- ✓ Poticati dobavljače Banke proizvoda i usluga kao i klijente Banke da usvoje slične principe zaštite životne sredine u svoje svakodnevne poslovne aktivnosti.
- ✓ Strogo se pridržavamo svih važećih zakona iz oblasti zaštite životne sredine kao i drugih povezanih zakona, a stalno nastojimo da poboljšamo naše ekološke rezultate.

Uz odgovornost naših uposlenika kao i menadžmenta banke, osigurano je potpuno shvatanje, poštivanje i provođenje ove politike od strane svih uposlenih u ProCredit Bank Bosne i Hercegovine.

Datum: Decembar 2019.

Amir Salkanović

Management's statement: ProCredit Bank Bosnia and Herzegovina

ENVIRONMENTAL STATEMENT

Promotion of sustainable development is the main the goal of our business activities. Accordingly, we consider protecting nature and environment, as well as limiting climate change, to be a part of our social responsibility. Within the framework of our Environmental Management System, we strive to continually improve our environmental protection and to work towards reducing our direct impact through Pillar I (internal awareness of all our employees) and indirect impact on the environment through Pillar II (environmental and social assessment of every client) and through Pillar III (financing in eco investments) . In order to achieve this, we set targets for the environmental performance of the organization and we have developed the concept for implementation of these goals.

Environmental Management System is set up according to ISO 14001:2015 and the ProCredit Group Guidelines.

Our ultimate objective in this regard is to protect the environment and prevent pollution, of water, soil and air and to this end, we adhere to the following guidelines:

- ✓ We are committed to identifying, analyzing and evaluating our direct and indirect impact on the environment
- ✓ We aim at permanently reducing our consumption of resources and the environmental impact resulting from our business activities in order to continually improve our environmental performance
- ✓ Performing our main activities and using technology, equipment or vehicles, making sure that we always use energy, raw materials and fuel sparingly
- ✓ Reducing the volume of waste and where possible separating and recycling
- ✓ Reducing polluting substances and emissions of greenhouse gases into atmosphere by promoting and applying appropriate technical solutions
- ✓ Training employees and motivating them to carry out their activities in an environmentally responsible way
- ✓ Encouraging the Bank's suppliers of products and services as well as the Bank's clients to adopt similar environmental principles

We strictly adhere to all applicable environmental and other laws and we continually strive to improve our own environmental performance. We, as the Bank's management, assume responsibility for ensuring that this policy is fully understood, followed and maintained by all the employees of ProCredit Bank Bosnia and Herzegovina.
